3 Do you have NDIS Funding?

We will talk with you about your current NDIS plan and check if you have Supported Independent Living (SIL) and/or Specialist Disability Accommodation (SDA) funding in place.

4 Apply for Funding (SIL and/or SDA)

We will work with your support team if you do not have the funding you need, we can provide general guidance and information to help you understand the application process and the steps you may need to take with your support team.

Gather assessments, evidence and reports

Work with your team to submit funding application to the NDIS

Assist with any challenges you may be facing in getting a funding decision

5 Explore Your Housing Options

Once the right funding is in place, we explore housing options together and will talk about the available homes that best suit your needs, preferences and goals.

6 Finding a Suitable Home that Feels Right

You will have the opportunity to visit possible suitable homes and meet the people who live and work there.

Trial visits, include possible sleepovers, give you, your support team and Sunnyfield the opportunity to decide whether the home is the right fit for your needs, preferences and support arrangements.

7 Making Sure it's a Good Match

Once you find a home that feels right, we work with you to understand your support needs and routines and complete compatibility assessments, to make sure it's a great fit for everyone.

8 Receive an Offer and Plan Your Move

If the home is the right match, we will make you a formal offer. We will then plan your transition with you, including visits to the home, the supports you need, the agreements required and preparing your new space.

It is time to move in and make the space your own.

Start to settle into your new home, make new friends and build your independence.
