

CODE OF CONDUCT

Respect

We value and respect clients, families, carers, contractors and each other. We acknowledge our differences by the active inclusion of all points of view. Staff, volunteers and contractors uphold all laws and regulations and work within the Vision, Mission, Values, and policies and procedures of Sunnyfield.

Honesty

We are honest about the way we behave; how we use our time, and ensure the use of resources (human, material and financial) are managed effectively, efficiently and safely without waste. Our honesty, integrity and ethics are an example to others.

Trust

We trust our team mates, our leaders and our processes. We maintain confidential information (unless disclosure is required under the law). We listen and share pertinent information and reliably help each other to learn, develop and deliver as a part of a great team.

Innovation

We are committed to taking every opportunity to continuously improve and to learn. We strive to perform our duties to the best of our ability and in a professional manner. We search for new ways and best practice in how we conduct our everyday business and deliver services.
