provider

**Sunnyfield**  
disAbility Services

# Let's get out there

Improve your accessibility to services and facilities in your local community for a more inclusive future. Community Access provides people with disability the supports they need to get out and about, access recreational tasks, social opportunities, and develop life skills.

Community Access supports can be as creative and innovative as you want them to be! Your Support Worker will accompany you to a range of activities such as:

- Shopping
- Medical appointments
- Movies and theatres
- Public transport
- Sporting events
- Household chores
- Gym or sports practice
- Lunch at a restaurant
- Coffee at a cafe
- Karaoke
- Zoos and aquariums
- Museums and art galleries
- Parks, beaches and gardens
- And more...

Community Access is an integral part of life, helping to build greater confidence and the feeling that you are safe in the community.

Let's get out there and start taking part.

## **My Choice at Sunny Social Program**

- 18+
- South Western Sydney
- Western Sydney

My Choice at Sunny is a unique social program designed based on your interests, ideas, and hobbies. We aim to create a fun and engaging experience that provides the support you need while focusing on activities you truly enjoy.

Start the conversation today.
